**Message from the MD**

Recall is one of the leading security companies in South Africa with a strong track record in delivering thorough and pro-active security services. Our well trained staff play an integral part in service delivery and to this end; Recall (Cape), in conjunction with our clients, introduced Staff Outstanding Achievement Awards earlier this year to acknowledge staff members who provide excellent service. These achievements are awarded to security officers by an internal evaluation and performance assessment process supported by our clients' recommendations. This Staff Outstanding Achievement Awards Newsletter will be produced every quarter to pay tribute to the staff who excel in their positions. The Directors and Management Team at Recall (Cape) thank these high achievers who add value to our company by protecting our clients' assets.

As we approach the end of 2007, the Directors and Management of Recall (Cape) extend warm wishes to all our staff and their families over the festive season and we look forward to another great year in 2008.
